Shaak Ti

SPECIES	Togruta
QUOTE	*"He who seeks revenge remains chained to the one he hates"*

Overview

Born on the world of Shili, Shaak Ti was discovered by the The Jedi Order at a young age and raised within the Temple tradition. Through years of study and service she eventually became a master, known for her measured judgement and calm presence.

During the War she frequently balanced her Jedi duties with oversight of Republic Clone Academy and the development of young clones into warriors fit to serve the Galactic Republic.

Military Career

Shaak Ti believes the Force is best understood through patience and reflection rather than constant action. She uses this ideology both in the classroom as well as the battlefield. While fully capable as a warrior, she considers a Jedi's purpose to be guidance, protection, and service rather than conquest.

Capable of multiple different saber styles, including but not limited to Makashi, Ataru ,Jarkai, Niman, Vapaad. She mastered these styles to face any force on the battlefield, but though the ancient teachings of the order, she learned strategic qualities like patience, persistence, and discipline.

Notable Engagements

First assigned to the 442nd Siege Battalion, she was tasked with assisting the Republic forces on multiple planets, including Corellia, Carida, Alderaan, and Ryloth.

The Invasion of Corellia

Assigned to Horn Company of the 442nd, she fought alongside the clone forces to rid the planet of Separatist Military forces. As well as the droid invasion, multiple groups of pirates and Sith threats like **Asajj Ventress.** They tried for peace on the planet, to spare the civilian lives, but the offer was refused by the CIS Command. As the war raged on, she lost many Jedi and clone allies throughout the gruesome fighting.

The War for Ryloth

After multiple different engagements, she was now a master and tasked with assisting the fight on Ryloth, one of the deadliest warzones in the galaxy. She fought in both major battles as well as tactical operations, where she fought and assisted high value targets like **Sith apprentice Asajj Ventress, and the Rescue of CC-3636 "Wolffe"** After difficult combat and constant push pull fighting, the planet was free from CIS forces.
