

212th Attack Battalion

Overview

The 212th Attack Battalion is a well-known Infantry unit of the Grand Army of the Republic, established on Kamino before the Clone Wars. Led by Jedi General **Zon Ruun**, the battalion is renowned for its expertise in "siege warfare". The 212th are defined by the orange markings often worn by their armor. They are the primary support in invasions, frontal attacks, sieges and other attack scenarios. The 212th is the primary offensive force of the Grand Army of the Republic. The 212th is considered the perfect battalion for siege/frontal assault.

Organizational Structure

The 212th Attack Battalion is a renowned military unit that excels in strategy, and unwavering dedication to its objectives. Known for their iconic orange-accented armor and fearless approach to combat, the 212th specializes in high-stakes ground operations, often leading critical missions that demand both tactical precision and extraordinary bravery. Under the leadership of Jedi General **Obi-Wan Kenobi** and **Commander Cody**, their success lies in their ability to work cohesively as a team, adapting to the dynamic nature of battle while maintaining a steadfast commitment to their allies. Their reputation as a formidable force stems not only from their impressive combat record but also from their ability to inspire unity and resolve even in the most challenging circumstances. Whether conducting large-scale offensives or supporting allied troops in joint operations, the 212th Attack Battalion has solidified its place as a symbol of resilience and excellence. Their legacy serves as a testament to the power of cooperation, innovation, and courage in overcoming adversity.
