Overview

The 21st Nova Corps is one of the most fearless battalion within the army. Tasked with turning the tides of battles, they are highly reliable in desperate times. led by **CC - 1009 "Keller"** they serve on the frontlines.

Organizational Structure

Currently, the 21st Nova Corps is divided into three companies. **The Anvil Company, Hammer Company, and Furnace Company.**

The Anvil Company

- **Role:** The Anvil company is composed of the most naturally aggressive clones the battalion has to deploy. These clones specialize in taking the initiative of a failing combat zone and presenting a vanguard force to quickly dispatch a unit or to stall an entire army.
- **Weaponry:** Standard issue weaponry.
- **Leadership:** The Company Captain is **CO - 4155 "Bear"**

The Hammer Company

- **Role:** The Hammer Company are expected to be quick thinkers and innovative clones. These clones' sole purpose is to find an enemy weakness and punish them for it.
- **Weaponry:** Standard issue weaponry, alongside the PLX.
- **Leadership:** The Company Captain is **CO - 5104 “Baldeer”**

The Furnace Company

- **Role:** The Furnace Company excels from areas ranging from CQC to different high octane engagements. They rely on tight brotherhood and effective communication to deal with outnumbered odds. These clones are specifically tasked with one mission: **Kill, Maim, Kill**
- **Weaponry:** Any weapon viable for completing their mission, most notably the BT X-42 Flamethrower.
- **Leadership:** The Company Captain is **CO - 6263 "Rook"**

The 21st Nova Corps continues to play one of the most fearsome roles within the army.
