

Republic Star Fleet

Overview

The Republic Star Fleet is the naval arm of the Republic Navy, primarily consisting of Venator Class Star-Destroyers. They conduct strategic naval operations to ensure the security of hyperspace lanes. Its mission is to defend Republic Interstellar Systems through naval deterrence and show of force.

Organizational Structure

Currently, the Republic Star Fleet is divided into three main branches: Operations, Maintenance, and Logistics.

The Bridge

- **Role:** The main command center of the fleet ships.
- **Leadership:** Operations Director Commander "Staus".

The Ordnance

- **Role:** The main weapons center of the fleet ships.
- **Leadership:** Ordnance Chief Commander "Derek".

The Maintenance

- **Role:** The main upkeep and repair center of the fleet ships.
- **Leadership:** Chief Engineering Officer Commander "Eden",

The Republic Star Fleet continues play a key piece of the board within the Military.
