Bomba Kush

Kush is very unconventional, **often described as “odd**”. However, despite his odd tendencies he is very spiritually connected and truly does flow with the galaxy. Though he can appear very animated at times, Kush always is able to center himself and focus when the moment requires it. He is driven by a quiet will to protect others, however his determined demeanor allows him to have a willingness to be brave.

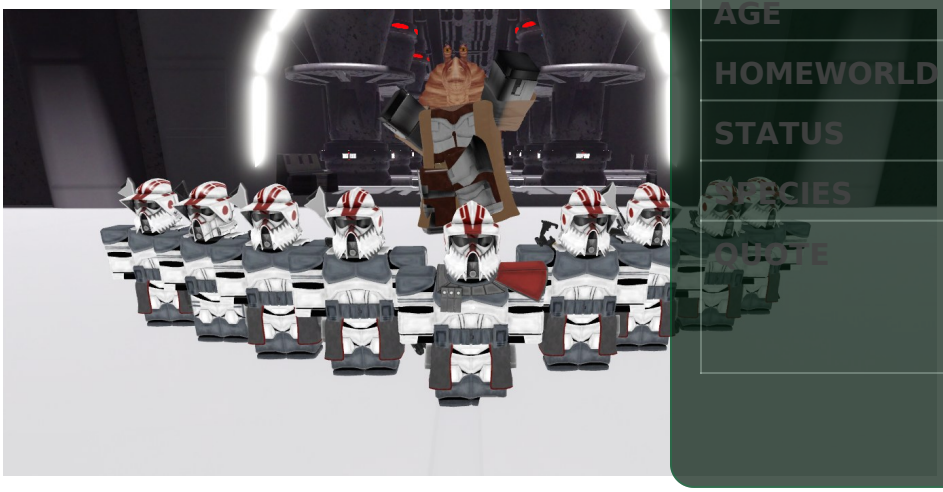

Personal Details

NAME	Bomba Kush
RANK	Jedi Knight
