

Euga Eugah

Overview

Born of the Planet Corellia, Euga was adopted into the Jedi traditions, and was trained like the rest of the padawans however, he displayed a unique set of skills.

Euga Eugah was inducted into knighthood at the age of 18, joining the Jedi Assault Team, meeting many allies such as [Ahsoka Tano](#) and many more. Along with this, Euga would be attached to the 21st Nova Corps.

Military Career

Euga would participate in a few skirmishes with the 212th; however, not after long, Euga's close allies in JAT would be kidnapped and were seemingly going to be executed. On his first real mission, Euga would work with the JAT and Obi-Wan Kenobi to swiftly free these allies. Not long after, Euga would join the [21st Nova Corps](#).

Notable Engagements

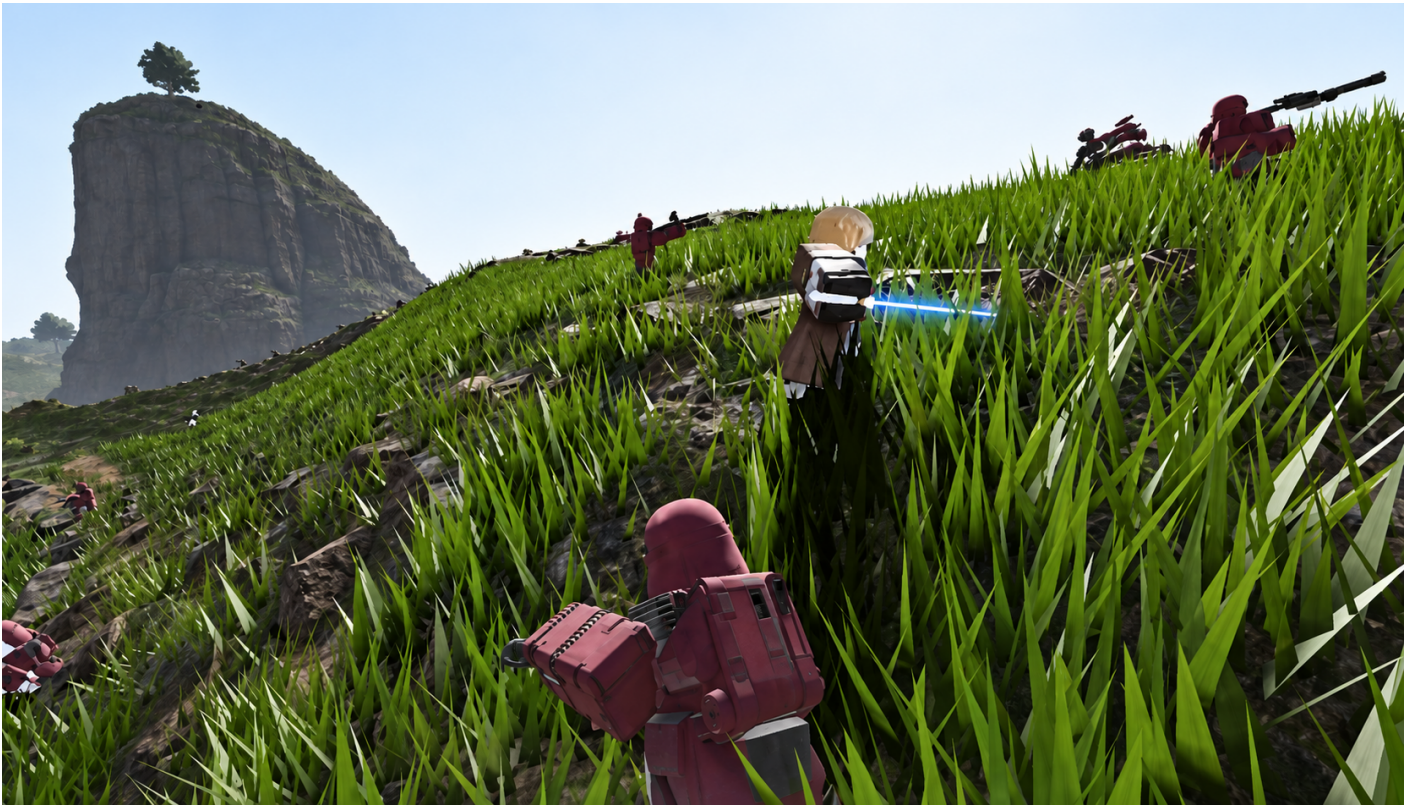

The Cleansing of [Yerbana](#)

In the 21st Nova Corps, Euga would fight on many fronts, his first being Yerbana. He would work with the battalion and various other Jedi to free the planet from pirate occupancy, marking his first major victory as a member of the 21st Nova Corps. On the Jedi sides of things, he would pick up his first Padawan, Sylen Vilas.

QUOTE	"Some times your best effort just isn't

The Siege of Carida

The Jedi Knight would undertake his first padawan on Carida, in the deep fighting of the forest. The combat was brutal and bloody, and him and the 21st along with a few other battalions, they experienced many casualties. After months of toil and death, Euga and what remained of the 21st would be shipped off to [Rhen Varr](#).

The Invasion of Rhen Varr

Euga and the 21st would travel to Rhen Varr and be trapped there for months. Though the fighting force was fierce, the 21st proved their worth in most every engagement. Though the losses were terrible for the 21st, losing hundreds of men in the fray, Euga proved himself a valuable warrior for the 21st, gaining the rank of General of the 21st. He was loved by his battalion, and for good reason. Him along with Jedi Master [Ima-Gun-Di](#), and Jedi Master Ki Adi Mundi led the forces of the 21st with Commander Keller and [CO - 1138 "Bacara"](#) Both of the commanding officers died on planet. Along with his two clone officers, he lost many of his allies to the arctic desert, notably Arligan Zey and Zarilli Vesh, two of his trusted Jedi attachés. The planet was successfully taken under [Galactic Republic](#) control, and now it stays as a permanent graveyard for hundreds of 21st.
