His spirit still continues to resonate within those who bear the stone crest on their foreheads today.

The Black Hand

Ni had seen and experienced it all, but now he found himself at a standstill—stuck and lacking nearly any motivation to go further. With seemingly no end in sight, he decided to trek to the Land of Tea, driven by nothing more than sheer boredom. Lost and unaware, he wandered through the landscape, meeting new friends and revisiting the land from which he had been exiled. Despite the setbacks, Ni remained undeterred, pushing forward.

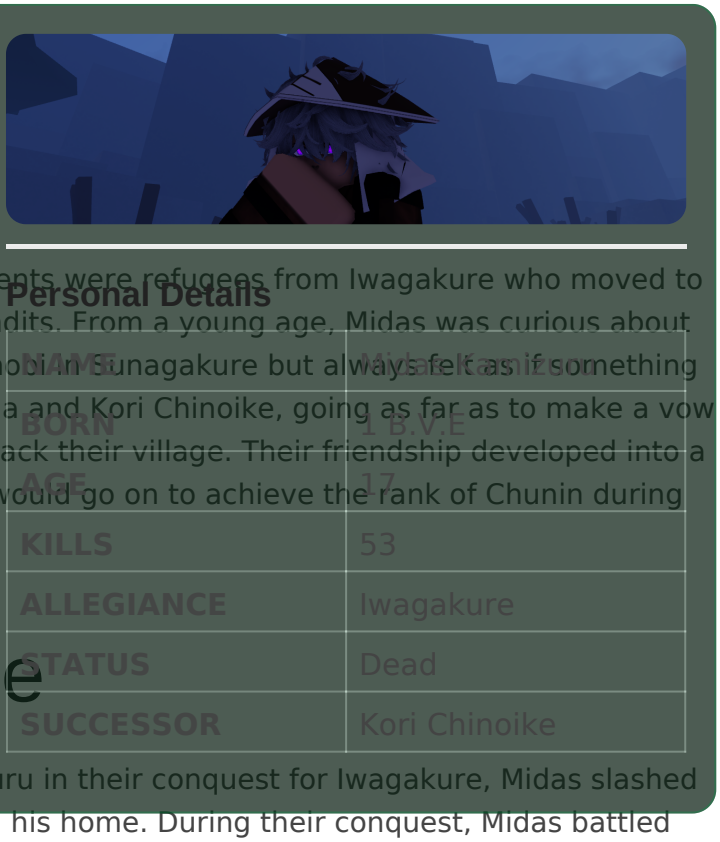

Years had passed with little to occupy him or achieve, and during this barren stretch, his friends began to fall away, one by one. In the end, he lost every new companion he had made, leaving him more adrift than ever.

As Ni stood in contemplation of his very existence, a shadowy figure approached. The figure asked him, “Have you lost it all?”. Without a word, Ni walked toward the stranger, a broken man seemingly indifferent to his plight. As he stared into the figure’s eyes, a haze rolled in around them. Ni would be seen walking back home to Iwa, seemingly repeating a phrase. Ni rarely spoke of what transpired next, but what he would share is this: Always Bet on Black.

ALLEGIANCE	Iwagakure
STATUS	Dead
SUCCESSOR	Kori Chinoike

Origins

Midas Kamizuru was born in Sunagakure; his parents were refugees from Iwagakure who moved to Sunagakure after their home was overrun by bandits. From a young age, Midas was curious about his heritage and lineage. He was a proficient shinobi in Sunagakure but always felt as if something was missing. Midas grew up alongside Ni Miyajima and Kori Chinoike, going as far as to make a vow with Ni Miyajima to revive their clans and bring back their village. Their friendship developed into a bond that would last a lifetime. Midas Kamizuru would go on to achieve the rank of Chunin during his time in Sunagakure before it all changed.

Revival of Iwagakure

After joining Hayato Uzumaki and Nathan Kamizuru in their conquest for Iwagakure, Midas slashed his headband and set out on a journey to reclaim his home. During their conquest, Midas battled rogues as well as shinobi, all with one goal in mind: to take back his homeland. They eventually succeeded in reclaiming Iwagakure, with Nathan Kamizuru being crowned the Tsuchikage. Along the way, Midas would meet Haruka A and Kunshu Uchiha.

The Land of Tea

Midas set out alongside the other chosen Shinobi to the nation of Avalon. Inside the land of Avalon Midas Kamizuru would come face to face with various threats surviving by the skin of his teeth, Midas would become close friends with Eon Karatachi, an Avalonian Soldier, during an investigation on a potential Chakra Beast the man would kill Eon sending Midas into a fit of rage continuing to battle even though he would come close to death multiple times. After the battle Midas would evolve as a shinobi reaching the rank of Jonin. During the journey to the capital Midas would come into contact with the Lord of Yin, Kagetsu. In the destruction Midas would lose many of comrades, after feeling true strength Midas would vow to grow stronger to protect those who couldn't defend those who couldn't defend themselves. Midas would come out stronger and form bonds with his comrades such as Aaron, Aki, and Kendo.

The Sixth Tsuchikage

After returning from his journey, Midas was appointed the assistant of Iwagakure as Ni Miyajima's right-hand man, standing by him through thick and thin. Their bond grew stronger until tragedy struck Iwagakure: Ni Miyajima was killed defending the village. Midas took this news hard and spiraled downward, consumed by a single goal: revenge. He harbored hatred for Konoha, blaming them for the loss of his best friend, as the same nation that had harmed them was the one for which Ni Miyajima had given his life.

It was announced that Ni Miyajima's last wish was for Midas to take on the mantle of Tsuchikage. Though he had no interest in the position, Midas accepted it as the only way to honor his friend's legacy. During his time as Tsuchikage, Midas led the village alongside his right-hand man, Kori Chinoike. He made enemies of Irene Kamizuru, a former Iwagakure Anbu seeking to take control of the village, along with countless other threats.

The Cries of War

Conflict broke out as Kirigakure found itself at odds with Konoha, resulting in constant raids on the village. Midas empathized with the weaker nation, recognizing that they were being treated the same way Iwagakure had been. This, combined with his grudge against Konoha, prompted him to step in, defending Kirigakure and fighting alongside them.

This led to a series of skirmishes and battles, resulting in heavy losses on both sides, culminating in a final confrontation. Midas Kamizuru was ambushed by Nero Namikaze and the forces of the Land of Mountains. However, during this time, he forged many alliances, including Aetamos Yome, Asda Yuki, and Orb Hozuki. They came to his aid, leading to a battle for the ages: the Land of Mountains and Konoha versus Iwagakure, Sunagakure, and Kirigakure.

The battle resulted in a stalemate for days on end until Nero Namikaze, on the verge of collapse, retreated into the Land of Lightning, prompting cultists to rain chaos upon the Shinobi Alliance. This attack resulted in the loss of two of Midas Kamizuru's most trusted comrades, Jack Karatachi and Haruka A. After the battle, Midas grew in strength, unlocking an ancient Kamizuru technique through his will to defend Iwagakure.

Retirement in Kirigakure

Midas received news that Ni Miyajima was alive. This revelation, combined with the death of his comrades, prompted Midas Kamizuru to pass the torch to Kori Chinoike, leaving the leadership to him, Hato, and Ringu. He found himself losing the drive he once felt.

Midas then joined Kirigakure, seeking to escape from conflict. However, after leaving Iwagakure, he lost most of his will to fight and was unable to draw out his mighty techniques. He lived out the rest

of his days as a Kirigakure shinobi, training the young and playing blackjack with Ni.

A Bloody Death

Midas Kamizuru was called upon for a high-ranking mission to the Land of Iron, a place he was very familiar with from his previous visits. He went in but would never come out. The result of the mission was the massacre of notable Kirigakure shinobi, with the only survivor being Crow Hoshigaki, who wielded the legendary blade known as Shibuki.

In his final moments, Midas’s life flashed before his eyes, and he died with a smile on his face, content with all he had accomplished. Though his time was cut short, Midas Kamizuru's tale highlighted the value of friendship and the importance of fighting for what you believe in.
