Hoshigaki Clan

The Hoshigaki are from Kirigakure. All of its known members appear to have shark-like features such as sharp, pointed teeth and facial features that resemble gills.

Progression

Hoshigaki have 3 moves and 1 Talent. Water Walking, Water Floor, Dive, and Shark Bomb.

To get Water Walking Talent, talk to a shark then run on water until you get it. The talent allows you to heal on water. [walk/run, you won't get progress on it for standing still]

To get Water Floor, you have to talk to the shark again, then heal HP in combat until you get it. The actual move is a water floor that you can heal HP off of if you run on it sporadically.

Your browser does not support the video tag.

To get Dive, you have to wipe one Genin 6 in Permadeath event in order to get the move. It allows you to dive underwater for around 10 seconds and regen HP [due to the talent]. It is recommended you talk to the shark again before doing it.

To get the last move, Shark Bomb, you must wipe one Chunin+ in Permadeath event, and you shall receive it. It spawns a shark projectile that does good damage. It is recommended again that you should talk to the shark before getting the grip.
