

Black Coat

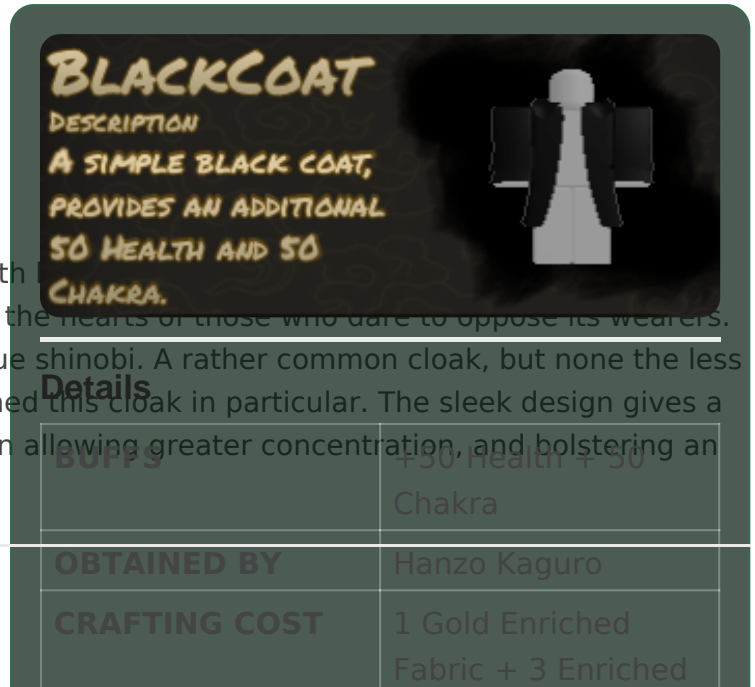

Creation

The Black Cloak worn by Shinobi is adorned with an aura of fear and intimidation, striking fear into the hearts of those who dare to oppose its wearers. It is often seen worn by outsiders, or even rogue shinobi. A rather common cloak, but none the less sought after. Many notable Shinobi have adorned this cloak in particular. The sleek design gives a confidence, and comfort boost to shinobi. Often allowing greater concentration, and bolstering an already great shinobi.
