

# Iwagakure

## About

Iwagakure (石隠村) was a hidden village in the Land of Earth and one of the Five Great Shinobi Countries. As the village of one of the Five Great Shinobi Countries, Iwagakure had its leader known as the Tsuchikage. The first Tsuchikage was [Sosuke Kamizuru](#). The rocky mountain ranges that surround the village provide a natural stronghold that it is very proud of. The village's infrastructure was built from much of the surrounding rock and stone, shaped into tower-like structures that are inter-connected by a network of bridges. The Tsuchikage's residence seems to be the tallest structure with a cone-shaped roof and is known as "Earth".

## The First Collapse

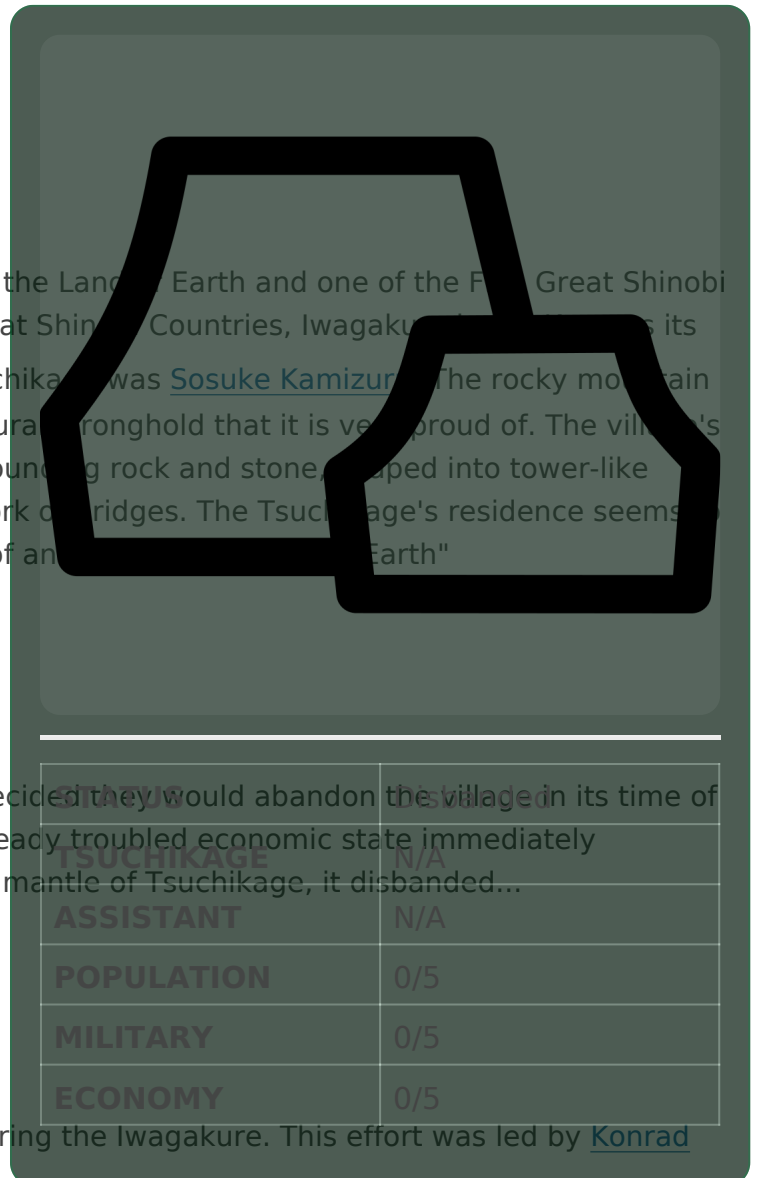

After a costly war, Iwagakure's higher ranks decided they would abandon the village in its time of need and become rogue shinobi. Iwakure's already troubled economic state immediately crumbled... With no one worthy to take up the mantle of Tsuchikage, it disbanded...

## Project Ikkikaeta

Project Ikkikaeta was the first attempt at restoring the Iwagakure. This effort was led by [Konrad Kamizuru](#) who rallied 20 Shinobi and 1 Joinin to restore the village to it's former glory. During their effort, they got into an engagement with [Sunagakure](#) Shinobi's. The fight was initially in their favor, until Shinobi from the [Konohagakure](#) village reinforced the Sand Shinobi and killed the leaders of the stone restoration.

## Restoration of Iwagakure

The tale of stone rising from the dust begins with Sand Village. Through time a jonin by the name of Kimizaru Kamizuru, wielder of Akai Utsuwa, a blade of ancient history, gathered men from Sand in hopes to learn more about the blade. Although at time, Land of Earth was a territory overrun by rogue ninja, he didn't falter and went through with the expedition. As time went on Sand shinobi with the aid of old Stone Anbu took out multiple factions, that is until a tragedy fell upon the Sand

and Kimizaru lost his life to the infamous Shock Uchiha. After that moment, Sand's involvement in Land of Earth came to an end.

In Land of Earth there were 10 rogue factions:

- Wolf Clan - Eliminated in the 1st PD.
- Raven Sect - Known for their espionage and intelligence gathering. Eliminated in the 3rd PD.
- Cobra Unit - Specialists in poisons and assassination. Eliminated in the 2nd PD.
- Elephant Brigade - Renowned for their brute strength and defensive strategies.
- Scorpion Syndicate - Experts in desert warfare and survival.
- Falcon Tribe - Masters of aerial combat and reconnaissance. Eliminated in the 4th PD.
- Tiger Faction - Fierce and aggressive warriors with unmatched combat skills.
- Bear Cohort - Possesses unparalleled endurance and resilience.
- Viper Assembly - Skilled in stealth and surprise attacks.
- Panther Guild - Known for their speed and agility.

As mentioned Sand got rid of half of them and so after that... Nathan Kamizuru the last standing shinobi from the original Hidden Stone village made the current rogue organisation with interest to reconquer the village. They started dealing with the pesky rogues and so during one of their expeditions they met with 1 of the 2 Stone Elders as well as the Stone Anbu.

More time passed as they then took out the rest of the rogue factions as well as captured the other elders in the old police force of stone.

And so coming up to the final fight before the feast they took out the last remaining faction known as the Tiger Faction. During that nobody was left to guard stone and the last elder mysteriously died.

A feast was held in order to celebrate getting rid of the rogues residing in stone and as everyone was jolly and happy, Irene the leader of Stone Anbu declared her true intentions. She attempted to take Stone for herself with players as her underlings, but due to the presence of Hokage, Kazekage and the infamous Ikari... the bloody Uchiha her attempt was extinguished. Seeing the overwhelming power Nathan had gathered, they had no choice, but to step back into the shadows... until a day when the shadows can walk out in the sun
