Overview

Near the outskirts of the galaxy lies Nevarro, a vo of the Outer Rim. Known for being generally uninhab by various gangs and syndicates, utilising its lawl

From orbit, Nevarro appears as an ashen wastela e of the planet appears with little difference, with ri surfase as Reptavians scour the skies. Cities are t any volcanic incidents and safeguard civilians fro shaped buildings tucked into the landscape.

Society and Culture

Nevarro's society is defined by hardships, crime, and survival. With the civil populous learning that only the strongest survive, many have learned over time that they must either do whatever they can to rise to the top, or submit within the bottom as servants to their superiors.

Government

Nevarro has been known to hold no form of governance and rely on anarchistic ideals, allowing major gangs and syndicates to take hold of the power struggle and instill de-facto leadership amongst the planets cities. The civil populous remain under the cruel dictatorship, oppressed and forced to work under the rulers of the territory they happen to fall into.
